

NOTICE OF PLANNING PERMISSION

Town and Country Planning Act 1990 Town and Country Planning (Development Management Procedure) (England) Order 2015

To:
Mr Matthew McNulty
McNulty Architects
12 Hartington Road
Manchester
M21 8UY

On Behalf Of:
Mr Brett Mitchell
11 Walter Street
Prestwich
Manchester
M25 3HJ

PART 1 - Particulars of Application

Application Number: 70083

Date of Registration: 25/09/2023

Proposal:
Erection of 1 no. dwelling

Location:
Land adjacent to 11 Walter Street, Prestwich,
Manchester, M25 3HJ

PART 2 - Particulars of Decision

Bury Metropolitan Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been **GRANTED** for the carrying out of the development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:-

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered 2302-1002, 2302-1001 D, 2302-101 H, 2302-102 G, 2302-201 F, 2302-202 C, 2302-203 D, 2302-204 C and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
- 3 Details/Samples of the (materials/bricks) to be used in the external elevations, together with details of their manufacturer, type/colour and size, shall be submitted to and approved in writing by the Local Planning Authority before the development is commenced. Only the approved materials/bricks shall be used for the construction of the development.
Reason. No material samples have been submitted and are required in the interests of visual amenity and to ensure a satisfactory development pursuant to UDP Policy EN1/1 Visual Amenity.
- 4 No development shall commence unless and until:-
 - A contaminated land Preliminary Risk Assessment report to assess the

actual/potential contamination and/or ground gas/landfill gas risks at the site shall be submitted to, and approved in writing by, the Local Planning Authority;

- Where actual/potential contamination and/or ground gas/landfill gas risks have been identified, detailed site investigation and suitable risk assessment shall be submitted to, and approved in writing by the Local Planning Authority;
- Where remediation/protection measures is/are required, a detailed Remediation Strategy shall be submitted to, and approved in writing by, the Local Planning Authority.

Reason. The scheme does not provide full details of the actual contamination and subsequent remediation, which is required to secure the satisfactory development of the site in terms of human health, controlled waters, ground gas and the wider environment and pursuant to National Planning Policy Framework Section 15 - Conserving and enhancing the natural environment.

- 5 Following the provisions of Condition 4 of this planning permission, where remediation is required, the approved Remediation Strategy must be carried out to the satisfaction of the Local Planning Authority within agreed timescales; and A Site Verification Report detailing the actions taken and conclusions at each stage of the remediation works, including substantiating evidence, shall be submitted to and approved in writing by the Local Planning Authority prior to the development being brought into use.

Reason. To secure the satisfactory development of the site in terms of human health, controlled waters and the wider environment and pursuant to National Planning Policy Framework Section 15 - Conserving and enhancing the natural environment.

- 6 No development shall commence unless and until surface water drainage proposals have been submitted to and approved in writing by the Local Planning Authority. The scheme should be in accordance with the submitted Surface Water Sustainable Drainage Assessment and must be based on the hierarchy of drainage options in the National Planning Practice Guidance and be designed in accordance with the Non-Statutory Technical Standards for Sustainable Drainage Systems (March 2015). This must include assessment of potential SuDS options for surface water drainage with appropriate calculations and test results to support the chosen solution. Details of proposed maintenance arrangements should also be provided. The approved scheme only shall be implemented prior to first occupation and thereafter maintained.

Reason. The current application contains insufficient information regarding the proposed drainage scheme to fully assess the impact. To promote sustainable development and reduce flood risk pursuant to Unitary Development Plan Policies EN5/1- New Development and Flood Risk , EN7/3 - Water Pollution and EN7/5 - Waste Water Management and chapter 14 - Meeting the challenge of climate change, flooding and coastal change of the NPPF.

- 7 The landscaping scheme hereby approved shall be implemented to the written satisfaction of the Local Planning Authority not later than 12 months from the date the building(s) is first occupied. Any trees or shrubs removed, dying or becoming severely damaged or becoming seriously diseased within 5 years of planting shall be replaced by trees or shrubs of a similar size and species to those originally required to be planted to the written satisfaction of the Local Planning Authority.

Reason. To secure the satisfactory development of the site and in the interests of visual amenity pursuant to Policy EN8/2 – Woodland and Tree Planting of the Bury Unitary Development Plan..

- 8 Notwithstanding the details indicated on approved plan reference 2302-1001 Revision D, no development shall commence unless and until full details of the following have been submitted on a topographical based survey of the site and

adjacent adopted highways to the Local Planning Authority:

- Reconstruction of the footways abutting the site to a scope and specification to be agreed, incorporating the reinstatement of the redundant footway crossing onto Walter Street and former garage colony concrete accesses onto the adjacent adopted back street to adjacent footway levels, provision of new edgings or other agreed measures to demarcate the limits of the adopted highway, provision of a footway crossing to serve the proposed rear parking arrangements/hardstanding and all associated highway remedial works that may be required as a direct result of the proposed development and any statutory undertakers connections to the new dwelling;
- Formation of the proposed rear parking arrangements/hardstanding, incorporating adequate levels of visibility at the back edge of the footway, porous/permeable materials and/or measures to prevent the discharge of surface water onto the adopted highway, parking facilities sufficient to accommodate two vehicles clear of the proposed gate arrangements and gates that do not open out onto the adjacent adopted highway;
- All boundary treatments abutting the adopted highway including the 'slatted timber fence' on the easterly site boundary shown, incorporating foundations that do not encroach under the adopted highway, confirmation of heights taking into consideration the need to retain adequate levels of visibility at the junction of Walter Street with the un-named adopted back street and provision of new edgings to demarcate the limits of the adopted highway/retain the adjacent soft and hard landscaping at all relevant locations.

The details subsequently approved shall be implemented to the satisfaction of the Local Planning Authority prior to the dwelling hereby approved being occupied.

Reason. To secure the satisfactory development of the site in terms of highway safety, ensure good highway design, ensure the intervisibility of the users of the site and the adjacent highways, ensure adequate off-street car parking and to allow adequate space to maintain a vehicle clear of the highway and maintain the integrity of the adopted highway, all in the interests of highway safety pursuant to the following Policies of the Bury Unitary Development Plan:

Policy H2/1 - The Form of New Residential Development

Policy H2/2 - The Layout of New Residential Development

Policy EN1/2 - Townscape and Built Design

- 9 No development shall commence unless and until a 'Construction Traffic Management Plan' (CTMP), has been submitted to and approved by the Local Planning Authority and shall confirm/provide the following:

- Photographic dilapidation survey of the footways and carriageways abutting the site in the event that subsequent remedial works are required following construction of the development, works to the existing site accesses and boundaries and as a result of statutory undertakers connections to the new dwelling;
- Access route for all construction vehicles to the site from the Key Route Network;
- Access point/arrangements for construction traffic, taking into consideration the need to maintain safe pedestrian/vehicular access on the adjacent adopted highways and all temporary works required to facilitate access for construction vehicles;
- If proposed, details of site hoarding/gate positions, taking into consideration the need to maintain vehicular access to the adjacent residential properties;
- The provision, where necessary, of temporary pedestrian facilities/protection measures on the highway;

- A scheme of appropriate warning/construction traffic speed signage in the vicinity of the site and its access;
- Confirmation of hours of operation and delivery & construction vehicle sizes that can be accommodated on the residential streets that form the access to the site and number of vehicle movements;
- Arrangements for the turning and manoeuvring of vehicles within the curtilage of the site and/or measures to control/manage delivery vehicle manoeuvres;
- Parking on site or on land within the applicant's control of operatives' and construction vehicles, together with storage on site of construction materials, including any requisite phasing of the development to accommodate this;
- Measures to ensure that all mud and other loose materials are not spread onto the adjacent highways as a result of the groundworks operations or carried on the wheels and chassis of any vehicles leaving the site and measures to minimise dust nuisance caused by the operations.

The approved plan shall be adhered to throughout the demolition/construction period and the measures shall be retained and facilities used for the intended purpose for the duration of the demolition and construction periods. The areas identified shall not be used for any other purposes other than the turning/parking of vehicles and storage of demolition/construction materials.

Reason. Information not submitted at application stage. To mitigate the impact of the construction traffic generated by the proposed development on the adjacent residential streets, and ensure adequate off street car parking provision and materials storage arrangements for the duration of the construction period and that the adopted highways are kept free of deposited material from the ground works operations, in the interests of highway safety pursuant to Bury Unitary Development Plan Policies EN1/2 - Townscape and Built Design and HT6/2 - Pedestrian/Vehicular Conflict.

- 10 Bin storage arrangements shall be provided within the curtilage of the dwelling in accordance with Waste Management's 'Guide to Refuse Collection Requirements & Storage Methods for New Developments'.

Reason. To ensure that adequate bin storage arrangements are provided within the curtilage of each dwelling pursuant to Policies EN1/2 - Townscape and Built Design of the Bury Unitary Development Plan.

- 11 The development hereby approved shall incorporate swift bricks within the external elevation.

Reason - To provide and contribute to the bio-diversity of the site pursuant to UDP Policy EN6/3 - Features of Ecological Value

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The Local Planning Authority worked positively and proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

The following policies of the Bury Unitary Development Plan, National and Regional Government were considered relevant:

- H1/2 H1/2 - Further Housing Development
H2/1 H2/1 - The Form of New Residential Development

H2/2	H2/2 - The Layout of New Residential Development
H2/6	H2/6 - Garden and Backland Development
EN1/1	EN1/1 - Visual Amenity
EN1/2	EN1/2 - Townscape and Built Design
EN1/3	EN1/3 - Landscaping Provision
EN1/4	EN1/4 - Street Furniture
EN6	EN6 - Conservation of the Natural Environment
EN6/3	EN6/3 - Features of Ecological Value
EN7	EN7 - Pollution Control
EN7/1	EN7/1 - Atmospheric Pollution
EN7/2	EN7/2 - Noise Pollution
EN7/5	EN7/5 - Waste Water Management
HT2/4	HT2/4 - Car Parking and New Development
HT4	HT4 - New Development
HT6/2	HT6/2 - Pedestrian/Vehicular Conflict
SPD6	Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
SPD11	Development Control Policy Guidance Note 11 - Parking Standards in Bury
NPPF	National Planning Policy Framework

This decision relates only to the Town and Country Planning Acts and does not include any consent or approval under any other enactment or under the Building Regulations. Any other consent or approval which is necessary must be obtained from the appropriate authority.
