Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Single storey external extension at the rear of the property - extending not more than 3 metres from the rear of the property in the the garden area. Plans added for clarity.

The extension will be fully glazed on one side with further windows on the far side and in the roof.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
☒ No

Has the proposal been started?

- ☐ Yes
☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The property has the appearance of being a residential house being the end cottage of a row of 4 properties. Given that that the intended build extends no more than 3 metres from the rear of the property into the garden, it would be of a similar size and style to those extensions that have been built at the rear of the other properties on this row such as garden builds and conservatories.
Furthermore, although the property has the appearance of being residential, it is listed for use as offices and training; with this in mind, I believe the intended extension is permitted development as it falls far below 25% of original gross floor plan; does not exceed 5 metres from the property; is only a single storey; and the materials chosen have been selected to compliment the setting within the Burrs Country Park.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

attached designs for extension.

Select the use class that relates to the existing or last use.

B1 (a) - Office (other than A2)

Please note that following changes to Use Classes on 1 September 2020: The list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. See help for more details on Use Classes.

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The property, situated within the Burrs Country Park is owned by Bury Council and has been used as offices and training. The Sunnywood Project, a non-profit social enterprise, intend to lease the property to enhance its provision of activities within the Burrs Country Park and will continue to use the space for offices and training however, a more welcoming entrance at the rear of the property is necessary. The intended external extension is not more than 3 metres and has the appearance of a modern modular garden building that is glazed on one side.

The property has the appearance of being a residential house being the end cottage of a row of 4 properties. Given that that the intended build extends no more than 3 metres from the rear of the property into the garden, it would be of a similar size and style to those extensions that have been built at the rear of the other properties on this row such as garden builds and conservatories.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
