Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Amendment 1. Provision of new transom line under the opening light to all ground floor residential windows.
Amendment 2. Provision of louvres above all residential windows on block A.

Please state why you wish to make this amendment

Amendment 1. To suit the limitations on the height of side opening lights. This stems from the acoustic report which requires the windows close to Pilkington Way to be side hung so that they can be opened while still providing some acoustic protection for the residents. The transom across part of the GF windows decreases the height of the opening portion of the window to be the same height as the windows above.
Amendment 2. To consolidate requirements for mechanical ventilation terminals and avoid multiple plastic or clay vents through the external wall. Also, to tie in with the window design of the commercial elements of building A.
