Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The current property was built in the 1920's as was the rest of the cul-de-sac and is of traditional construction for the period, we purchased the property in February 2019 and have conducted searches prior to purchase with no abnormalities and have copies of all legal documents and leases etc. in our possession. I believe that the proposed extension is lawful as it is within the permitted development rights both in regards to the width (less than half the width of the existing property) and only extends 1m to the rear of the property, well within the 4m allowance for rear extensions.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Please note that following changes to Use Classes on 1 September 2020: The list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. See help for more details on Use Classes.

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

I believe that a lawful Development Certificate should be granted for this proposal as it's within the permitted development rights both in regards to the width (less than half the width of the existing property) and only extends 1m to the rear of the property, well within the 4m allowance for rear extensions. In addition, the proposed extension is in keeping with materials used on the existing property and I believe it will significantly enhance the appearance of the property when the current double garage is removed and replaced with the extension and will also create access to the rear of the property where currently there is no alternative access other than through the building.

The purpose of the extension is primarily to create a new bedroom at ground floor level to allow my mother and severely disabled father (who has Alzheimer's and is wheelchair bound) to visit from Wales and stay with us when needed and will allow us to help my mother with his care.

Can the site be seen from a public road, public footpath, bridleway or other public land?

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

☐ Other

If Lessee or Occupier, please give details of the owner and state whether they have been informed in writing of this application
