Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

The current building and site

Was the current use of the building as dwellinghouses only granted by virtue of permitted development rights under Schedule 1, Part 3, Class G, M, MA, N, O, P, PA or Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

☐ Yes

☒ No

Was the current building constructed between 1 July 1948 and 5 March 2018?

☒ Yes

☐ No

Have additional storeys already been added to the original building (as it stood on 1 July 1948, or as built after that date; or, if 'Crown land', as it stood on 7 June 2006, or as built after that date)?

☐ Yes

☒ No

Is any part of the land or site on which the building is located:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site;
- in a site of special scientific interest

☐ Yes

☒ No

The proposed development

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

☒ Yes

☐ No

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

☐ Yes

☒ No

Would the proposed extended building's:

- height exceed 18m (as measured from ground level to the highest part of the roof); or

• roof be:

- more than 3.5 metres higher than the highest part of the existing roof, where the existing building consists of one storey above ground level; or
- more than 7 metres higher than the highest part of the existing roof, where the existing building consists of more than one storey above ground level.

☐ Yes

☒ No

If the dwellinghouse is not detached, would the proposed extension result in the highest part of the roof exceeding 3.5 metres above either:

- the highest part of the roof of the building it is joined to (e.g. by party wall or adjoining main wall); or
- if in a terrace, the highest part of the roof of any building in the row it is situated

☐ Yes

☒ No/The dwellinghouse is detached

Will the development include a window in any wall or roof slope forming a side elevation of the building?

☐ Yes

☒ No

Will the roof pitch of the principal part of the proposed extended dwellinghouse be the same as the roof pitch of the existing dwellinghouse?

☒ Yes

☐ No

Will the materials used in any exterior work be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse?

☒ Yes

☐ No

Following the development, will the dwellinghouse remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

☒ Yes

☐ No

Related operations and works

Will any proposed engineering operations reasonably necessary to construct the additional storeys include:

- Provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- Anything other than works within the existing curtilage of the building to strengthen existing walls or foundations

☐ Yes

☒ No

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of any works proposed

Proposed upwards extension to the original building

Please describe the effects of the proposed development on the external appearance of the building including the design and architectural features of the principal elevation (and any side elevation that fronts a highway)

The front elevation will have the windows replicated from the ground floor within the new first floor walls and will be constructed with stone as existing.

The side elevation will be constructed of stone with no windows

The rear elevation will be constructed of stone with two high level windows to provide light into the new area

In the case of upwards extensions consideration must be given to every face of the building

Measurements

What is the current height of the dwellinghouse (in metres, as measured from ground level to the highest part of the roof).

4.45

What will be the height of the dwellinghouse once the additional storeys are added (in metres, as measured from ground level to the highest part of the roof).

6.26

Impacts and risks

Please provide details of any air traffic and defence asset impacts and how these will be mitigated

The building will still be lower than the adjacent barn and will not cause any impact

Please provide details of the impacts of on the amenity of any adjoining premises including overlooking, privacy and the loss of light and how these will be mitigated

The building is well within the plot with not close neighbouring properties

In the case of upwards extensions this includes neighbouring properties which are not contiguous with the proposed development site. Further details should be provided for these application types

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

The building will still be lower than the adjacent barn and will not cause any impact

These are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.
