Proposal: Single storey rear/side extension

Location: 3 Park Avenue, Ramsbottom, Bury, BL0 0DA

Description

The application property is a two storey semi-detached house with gardens to the front and rear of the dwelling. There is an unattached garage to the side with drive way in front for two vehicles.

The proposal is to build a single storey side/rear extension providing a new store, utility room and ground floor bedroom and en-suite bathroom. Given the layout of the site the extension would be angled off the side elevation of the original dwelling. The side elevation would be approximately 915mm away from the shared boundary with no.5 next door and the roof would be hipped.

H2/3 Extensions and Alterations

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due

regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

The main considerations of this application are the impact of the proposal on visual and residential amenity.

Visual Amenity -

SPD 6 and UDP Policy H2/3 seek to achieve a high standard of design that compliments the original building, and does not have a detrimental impact on the character and appearance of neighbouring properties and the general street scene.

The proposed extension would be single storey only finished with brick walls and roof tiles to match the existing dwelling. It would be set well back from the front boundary meaning it would not have any significant impact on the character of the existing streetscape. The design of the proposal is considered acceptable in this location and considered in-keeping with the original property.

Given the above the proposal conforms to Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity.

Residential Amenity -

- There are no properties directly to the front of the site.
- There would be just over 5.5m from the front of the extension to the boundary with the pavement in front and the plans show there would be space to park two vehicles in front

DELEGATED REPORT

of the extension.

- At the rear no.76 Bury New Road is significantly raised to the site and there are no habitable room windows in the side elevation overlooking the site. The extension would be around 7m from the rear boundary.
- There would be one utility room window in the side elevation facing the shared boundary with no.5 next door. The window would face on to the blank side elevation of this property which has been extended directly along the shared boundary.
- At the rear the north side elevation of the extension would be built off the shared boundary with no.1 which has a ground floor bay window on the rear elevation close to the boundary, most likely to a habitable room. The extension would project less than 3m past this window which would be inline with the requirements of SPD 6.

The proposal conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of separation distance to the surrounding properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to the drawings received on 08/11/2021 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties.
- 3 The external finishing materials for the proposal hereby approved shall match those of the existing building.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
