Stat Class: HOUS

Proposal: Single storey rear extension

Location: 14 Ringstone Close, Prestwich, Manchester, M25 9PZ

Description

The application relates to single-storey detached bungalow on a residential cul-de-sac of predominantly two storey properties. The unattached neighbour at No.12 has a single storey extension at the rear and the neighbour on the other side is as originally built. There are trees and shrubs on the rear boundary.

Planning permission is sought for a single storey extension that would project out 3.3m, occupy the same width of the existing dwelling, and have a hipped roof carried over from the existing roof. It would have bi-folding doors at the rear plus new kitchen windows on the west side elevation and new bedroom windows on the west side elevation. There is an existing timber fence on the west boundary approximately 1.7m high. Materials would match existing. There would be a separation of 7.2m to the rear boundary.

Relevant Planning History

None.

Publicity

Immediate neighbours notified by letter dated 17/01/2022 sent to 4 (four) neighbours. No representations were received.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant

policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity - UDP Policy H2/3 and SPD6 seeks to achieve a high standard of design that compliments the original building, does not have a detrimental impact on the character or appearance of neighbouring properties, and protects the general street scene.

In terms of design and appearance the extension is generally in-keeping with the existing house. Situated at the rear, the extension would not be readily visible from the public arena. Materials would match existing. In this respect the extension complies with UDP Policy H2/3 and associated guidance in SPD6.

Residential amenity - UDP policy H2/3 and SPD6 seeks to reduce the impact of proposals on the residential amenity of neighbouring properties.

In terms of overlooking and privacy to the rear, the 7.2m separation distance to the rear boundary from the extension is considered to be acceptable and complies with adopted guidance in SPD6. The existing tree and shrub planting along the rear boundary would further reduce the impact on the residents to the rear.

The extension is acceptable in relation to both unattached neighbours as it complies with the '45-degree rule' within SPD6. In terms of the unattached neighbour at No.16 Ringstone Close, the impact of the extension is most significant. The proposed extension would have two new side bedroom windows set only 1.1m from the shared boundary and with one window directly overlooking that neighbours garden, the applicant has agreed that this can be obscure glazing but wishes to maintain the northerly window of the same room as transparent glazing. Given that the northerly window would face the neighbours blank west elevation and the southern window would face a fence 2m (to be maintained at all times) this is considered to be acceptable. Consequentially a condition will be included to require the southernmost new side bedroom window to have obscure glazing.

On the west side elevation the kitchen door would be replaced with a new kitchen window which is a side/ non-habitable room window and therefore cannot be afforded significant weight in any assessment.

In terms of the general prominence and impact on daylight the extension is entirely single storey and is to the south of the main building. Any overshadowing would not be seriously excessive above and beyond the existing situation. The extension would be acceptable and comply with UDP Policy H2/3 and associated guidance in SPD6.

Highways – No changes.

Conclusion – In consideration of the above, it is considered that the proposed development would be acceptable in terms of the design, and sitting, of this development. As such, the proposed development is therefore considered to be acceptable and complies with UDP Policy H2/3 and associated guidance in SPD6.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered 2/43/2022 (submitted 14/03/2022) and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.

DELEGATED REPORT

- 3 The external finishing materials for the proposal hereby approved shall match those of the existing building.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
- 4 Before the first occupation of the extension hereby permitted the southernmost new bedroom window on the east elevation shall be fitted with obscured glazing and shall be permanently retained in that condition thereafter.
Reason. To protect the privacy of adjoining occupiers and to accord with Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
- 5 Before the first occupation of the extension hereby permitted the fence in front of the southernmost new side bedroom window shall be at least 1.7m high and shall be permanently retained in that condition thereafter.
Reason. To protect the privacy of adjoining occupiers and to accord with Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
