**Subject:** 44-48 Bolton Street, Ramsbottom, Bury, BL0 9HX Application No. 69955

Hello Claire,

After consideration, the neighbourhood enforcement team have objections for the proposal for the following reasons:

- Noise pollution from the joining bar stemming from music, people talking and shouting affecting the adjoining apartments. Due to the bars late opening hours, I believe this would have serious impact on the new residents.
- I also have concern for the noise which would stem from the emptying of glass bottles at the end of the night for recycling. With the Ramsbottom Social joining onto the location where the apartments are planned to be, noise from emptying waste and glass bottles can be very intrusive.

If further details are needed, please let me know.
