Proposal: Change from flat roof to pitched roof

Location: 107 Bury Old Road, Prestwich, Manchester, M25 0FQ

Description

The application relates to a previously extended semi-detached house fronting on to Bury Old Road in Prestwich. There are gardens to the front and rear of the property with on site parking available to the front. The proposal is to replace the existing flat roof to the two storey side/rear extension with a hipped roof. There are no other proposed changes to the property.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

The main considerations of this application are the impact of the proposal on visual and residential amenity.

Visual Amenity -

SPD 6 and UDP Policy H2/3 seek to achieve a high standard of design that compliments the original building, and does not have a detrimental impact on the character and appearance of neighbouring properties and the general street scene.

The only change to the property would be the removal of the existing flat roof to the two storey side/rear extension, replacing it with a hipped roof. The proposed roof would be constructed using materials to match the existing roof. As such the design of the proposal is considered to be in keeping with the existing building.

Given the above the proposal conforms to Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity.

Residential Amenity -

As the only changes to the property would be the style of roof there would be no detrimental impact on surrounding properties in terms of privacy.

As the current roof is flat there would obviously be an increase in height to the existing building. However as the new roof would be built away from the shared boundary with the attached neighbour to the north and the site is positioned north of no.105 Bury Old Road to the opposite side there would not be any significant detrimental effect on residential amenity at either adjacent dwelling or their rear gardens in terms of impact on light or

overshadowing.

With the above in mind the proposal conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of residential amenity.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered 001, 002 rev 1 and 003 rev 1 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties.
- 3 The external finishing materials for the proposal hereby approved shall match those of the existing building.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
