Proposal: Single storey rear extension

Location: 21 Craig Avenue, Bury, BL8 2PG

Description

The application relates to a two storey semi-detached house which has existing single storey extensions on the rear. There are gardens to the front and rear of the dwelling with parking to the front for two vehicles. At the rear there is a patio area with lawn to the rear, and there is a detached outbuilding to the rear of the site. There are fences to all boundaries.

The proposal is to replace the existing rear extensions with a new flat roof one. It would project 3600mm from the original rear elevation and would measure 6390mm wide. The walls would be rendered and the patio doors to the rear would be grey aluminium.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and PfE Policies will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically

mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

The main considerations of this application are the impact of the proposal on visual and residential amenity.

Visual Amenity -

SPD 6 and UDP Policy H2/3 seek to achieve a high standard of design that compliments the original building, and does not have a detrimental impact on the character and appearance of neighbouring properties and the general street scene.

The existing rear extension are rendered. As such the proposal to render the extension would be considered to be in keeping with the existing building. In addition, as the extension would be to the rear of the property it would not be readily visible in the streetscene. Therefore, the design of the proposal is considered acceptable in this location.

Given the above the proposal conforms to Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity, and Places for Everyone Joint Development Plan listed.

Residential Amenity -

- Separation distances to properties on Haig Road to the rear of site would be acceptable in terms of SPD 6.
- As the extension would not project any further than the existing extension along the shared boundary with no.23 Craig Avenue the new extension would not have any more of an impact on residential amenity at the neighbouring house and garden, than the existing extension does currently.
- On the south side the extension would be built flush with the existing side elevation, so would not be any closer to the shared boundary with no.19 than it is now.
- The drawings show that all of the development would be within the residential curtilage. As such there would be no concerns regarding encroachment at either adjacent property.
- There would be no windows to either side elevation of the extension.
- As the extension would be to the rear of the existing dwelling it would not have any impact on the existing parking arrangements to the front of the site.

The proposal conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of separation distance to the surrounding properties.

Parking -

The proposal would not increase the number of bedrooms therefore SPD 11 Parking Standards need not be considered. The parking arrangements would remain as existing where there is parking to the front of the site.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered 201117/01, 201117/02, 201117/03 and 201117/04 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity, and Places for Everyone Joint Development Plan listed.
- 3 The external finishing materials for the proposal hereby approved shall be off-white render to the walls and grey aluminium windows/doors.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
