Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements or access the fire statement template and guidance.](#)
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods.](#)

Description

Please describe details of the proposed development or works including any change of use

Increase of existing car parking from current 802 m2 area (that uses a one way system onto site) of 43 marked-out bays to provide additional 1,354m2 of car parking to create 42 additional car parking spaces plus 2 disabled parking bays along with 2 electrical car charging stations. As part of the application a new gated (automated 2 m high) way onto site will be created on the entrance road to provide a two way system on and off site to provide better traffic flow. LED lighting will be provided along with drainage improvement to deal with the new additional area water run-off on site.
