Proposal: Two storey extension at side and single storey extension at side/rear with extension of existing dormers at front and rear

Location: 82 Booth Way, Tottington, Bury, BL8 3JW

Description

Semi-detached house on an open plan estate of similar properties. There is a large drive to the front along with a garden t the rear.

Planning permission is sought for the erection of two storey extension at side and single storey extension at the rear along with dormers at front and rear that would match the existing dormers.

The proposed two storey side extension would project out 2.6m to the side and extend across the length of the side gable. The roof would be carried over from the existing roof.. The proposed single storey rear extension would have a flat roof and project 2.4m to the rear. The proposed front and rear dormers would also have flat roofs and would align with the existing dormers. The proposal would accommodate a kitchen/diner extension along with a study on the ground floor and additional bedroom on the first floor. The development would be constructed using matching materials.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and PpE Policies will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual Amenity

SPD 6 and UDP Policy H2/3 seek to achieve a high standard of design that compliments the original building and does not have a detrimental impact on the character and appearance of neighbouring properties and the general street scene.

The two-storey extension would not be setback from the front elevation and SPD 6 seeks to prevent two storey side extensions from causing a terracing effect by requiring a 1.5 metre set back to the main frontage or to the boundary. However, in this instance due to a staggered building line, it is considered that the proposal would not lead to the uncharacteristic terracing of dwellings. Furthermore, No. 86 have also extended a similar two-storey side extension without setback. Therefore, the proposed two-storey extension would be acceptable and would not have any adverse impact on the street scene.

The proposed two-storey side extension would have pitched roof replicating the shape and style of the original dwelling and neighbouring properties. Situated to the rear, the single storey rear extension would have simple and unobtrusive design, which would not detract from the character of the dwelling. The proposed dormers would also have simple design that would align with the existing dormers.

Overall, the proposal would be constructed with materials to match the existing dwelling. As such, the proposed development would not be a prominent feature in the street scene and would comply with Policies H2/3 of the Bury Unitary Development Plan and SPD6.

It is considered that the proposal would not have a detrimental impact on the character of the dwelling, street scene or neighbouring properties and would therefore comply with UDP Policy H2/3 and SPD 6.

Residential Amenity

SPD 6 and H2/3 seek to reduce the impact of proposals on the residential amenity of neighbouring properties.

- The single storey rear element would extend approximately 2.4 metres. Additionally, there would be approximately 11 metres to the rear boundary exceeding the 7 metres required by SPD 6.
- There would be no proposed side windows facing any of the adjacent neighbouring properties. Therefore, there would be no detrimental impact on the neighbouring properties.
- The two-storey extension would not project beyond the front and rear elevations and therefore, the 45° rule would not apply. As such, the development would be acceptable.
- The nearest property to the front separated by a highway would be over 22 metres away. Therefore, this would be considered acceptable.

Parking

The proposal will result in one additional bedroom, however there will be no changes to site access, or parking. The driveway at its current condition meets the maximum parking requirements.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.

DELEGATED REPORT

- 2 This decision relates to drawings numbered dwg no. 82BW HPD S1 XX DR A 0101 P1, dwg no. 82BW-HPD-S1-XX-DR-A-0402 P2, dwg no. 82BW-HPD-S1-XX-DR-A-0403 P1 and the development shall not be carried out except in accordance with the drawings hereby approved.

Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan and Places for Everyone Joint Development Plan listed.
