Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

Details of the pre-application advice received

6No. potential Communication Hub locations were proposed to Bury Council via the paid Pre-application Advice on 31st March 2023. Taking on board the comments received we subsequently chose to proceed with 3No. proposal sites within Bury's retail main centres that were refused in March 2024. We have submitted this further 1No. application following the recent refusals.

Site 6 Clerk Street, Bury -

"The appeal site is a wide open paved area between two restaurants and the retail shops within The Rock.

In such a relatively uncluttered context, the proposed Communications Hub would, by virtue of its siting, would be an isolated and visually dominant feature in the space due to its scale, height and positioning. The LCD screens contained in the proposed Communication Hub, in a location where digital advertisements are not currently present, would exacerbate the harmful effects that the proposal would cause to the character, appearance and amenity of the area.

A Communications Hub here would be located in the middle of the wide open area that was originally envisaged as an events space. COVID has affected the vibrancy and vitality of this part of the Town Centre so this events space should be retained and kept entirely open. The proposed siting of the proposed Communication Hub would also result in the unnecessary obstruction of the adopted highway.

You would be encouraged to look at locations at the edge of this area perhaps, and more closely related to existing built form."

These comments have been addressed in our covering letter.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
