Please note in regard to:

- Fire Statements - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- Permission In Principle - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use.

This planning application relates to a downstairs unit currently configured as a computer retail and repair space (A1). The work outlined below, plus additional cosmetic work will enable the space to operate as a sit down cafe/restaurant (A3). We understand a change of use is not required for transition between these use classes. The footprint of the site will not change, however, we have taken guidance from an architect who has informed us that 4 pieces of our proposed works will require planning permission. These are:

- Installation of an extraction point at the rear of the property
- Installation of an awning at the front of the property
- Improvements to an existing extension including repairing and building up of an external wall, water/wind proofing and insulation
- Opening out the kitchen area and knocking through internally from this area into existing extension. This will require a supporting beam. Structural engineer calculations will be acquired.

Has the work or change of use already started?
☐ Yes ☒ No

6. Existing Use

Please describe the current use of the site

The site is currently vacant and is not in use. The site is also not listed under historic England's search function as nationally protected.

Is the site currently vacant?
☒ Yes ☐ No

If Yes, please describe the last use of the site

The site was previously used as a computer retail and repair space (A1).

When did this use end
(if known)?

☐ Yes☒ No

10. Trees and Hedges

Are there trees or hedges on the proposed development site?

☐ Yes ☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

☐ Yes ☒ No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of your local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

11. Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.)

☐ Yes ☒ No

If Yes, you will need to submit a Flood Risk Assessment to consider the risk to the proposed site.

13. Foul Sewage

- ☒ Mains Sewer
☐ Septic Tank
☐ Package Treatment plant
☐ Cess Pit
☐ Other
☐ Unknown

Are you proposing to connect to the existing drainage system?

☐ Yes ☐ No ☒ Unknown

14. Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

☒ Yes ☐ No

If Yes, please provide details:

We expect the cafe to produce a mixture of recyclable, non-recyclable and organic waste. All non-bulky waste produced during service will be stored internally in appropriate receptacles making sure to reduce contamination of recyclable material. At the end of each day the waste will be moved to the external 4 and 2 wheel bins installed to the rear of the property. Bulky items e.g. cardboard boxes will be recycled immediately into correct external bins. The site of external bins has been selected to reduce visual and odour pollution to customers and the general public. The yard at the rear of the property where external bins will be stored will be locked to reduce chance of fly tipping and contamination. Only at collection times will the external bins be wheeled from our yard into the alleyway ready for collection. We hope to work with Bury council as our commercial waste collection service making sure our external bins are collected regularly, meeting our duty of care obligations.

Have arrangements been made for the separate storage and collection of recyclable waste?

☒ Yes ☐ No

If Yes, please provide details:

At all stages of the supply chain we will endeavour to reduce the cafe's environmental impact. This includes reducing waste produced but particularly waste sent to landfill. We will therefore make all arrangements to separate and store recyclable and non-recyclable waste internally and externally, mitigating chances of contamination, thereby improving the grading of any recyclable waste produced. As well as glass, cardboard, hard plastic and organic, the cafe will also recycle used waste cooking oil which will be collected and stored internally in sealable containers reducing chance of spillages. This will then be collected by an authorised oil recycling company.

15. Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

☐ Yes ☒ No

16. Residential/Dwelling Units

Please note: This question has been updated to include the latest information requirements specified by government. Applications created before 23 May 2020 will not have been updated, please read the 'Help' to see details of how to workaround this issue.
