Proposal: Single storey rear extension

Location: 323 Whalley Road, Shuttleworth, Ramsbottom, Bury, BL0 0ER

Description

The property is a mid terraced house with garden to the front and rear. The adjoining properties are 321 and 325 are both extended single storey at the rear. Beyond the rear boundary of the site is an access road for the back of the terrace row and beyond is open land. The site and surrounding are within the Green Belt.

The application proposes a single storey extension 4m deep across the rear of the property. It would provide an extended kitchen/dining area.

Relevant Planning History

None.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant

protected characteristic and person who do not share it;
The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

SPD 6 and UDP Policy H2/3 seek to achieve a high standard of design that compliments the original building, and does not have a detrimental impact on the character and appearance of neighbouring properties and the general street scene. In addition to this SPD6 states that extensions of existing dwellings in the Green Belt should not result in disproportionate additions over and above the size of the original dwelling. In general an extension up to a third of the volume of the original dwelling may be acceptable however, each proposal will be considered on its own merits.

Green Belt - The statement of volume provided with the application notes the volume increase to be under a third at 27%. In addition the proposed extension would be single storey, located to the rear, and sit between the extensions to the neighbouring properties. As such the development would not impact on the character and openness of the Green Belt.

Visual amenity and design - The proposed extension would have a monopitch roof with roof lights and doors to the rear. Materials would be brick and roof tiles to match the existing.

The proposal is considered acceptable and in keeping with the existing property and would not have a detrimental impact on the visual amenity of the area.

Parking - The proposal would not increase the number of bedrooms therefore SPD 11 Parking Standards need not be considered. No parking arrangements would be affected by the proposed extension.

Residential amenity - The proposed extension would be blank wall to the side elevations and project to be around level with the existing extensions to the neighbouring properties at either side.

There would then be no serious impact on the amenity of any adjacent neighbouring properties.

The proposal complies with UDP Policy H2/3 and SPD6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The Local Planning Authority worked positively and proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to the drawings received on 10 May 2023 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
