Details of the pre-application advice received

We discussed the proposals with Helen Leach.

We were advised that the new fencing and external lighting would need approval and details would be required. Any CCTV to the project would need to be identified.

No Design and Access statement will be required but an Explanatory Statement will need to be provided as part of the application to explain why this development is necessary. This statement can follow by email after the initial submission of drawings.

As part of the drawings, we would need to show an elevation from the road showing the building and fencing.
