

This is a preliminary drawing. It is not to be used for construction or reproduction of the design without the prior written permission of the originator.

The originator shall remain responsible for any liability, loss, cost, damage or injury arising from the use of this drawing, even if the drawing is used for construction or reproduction of the design without the prior written permission of the originator.

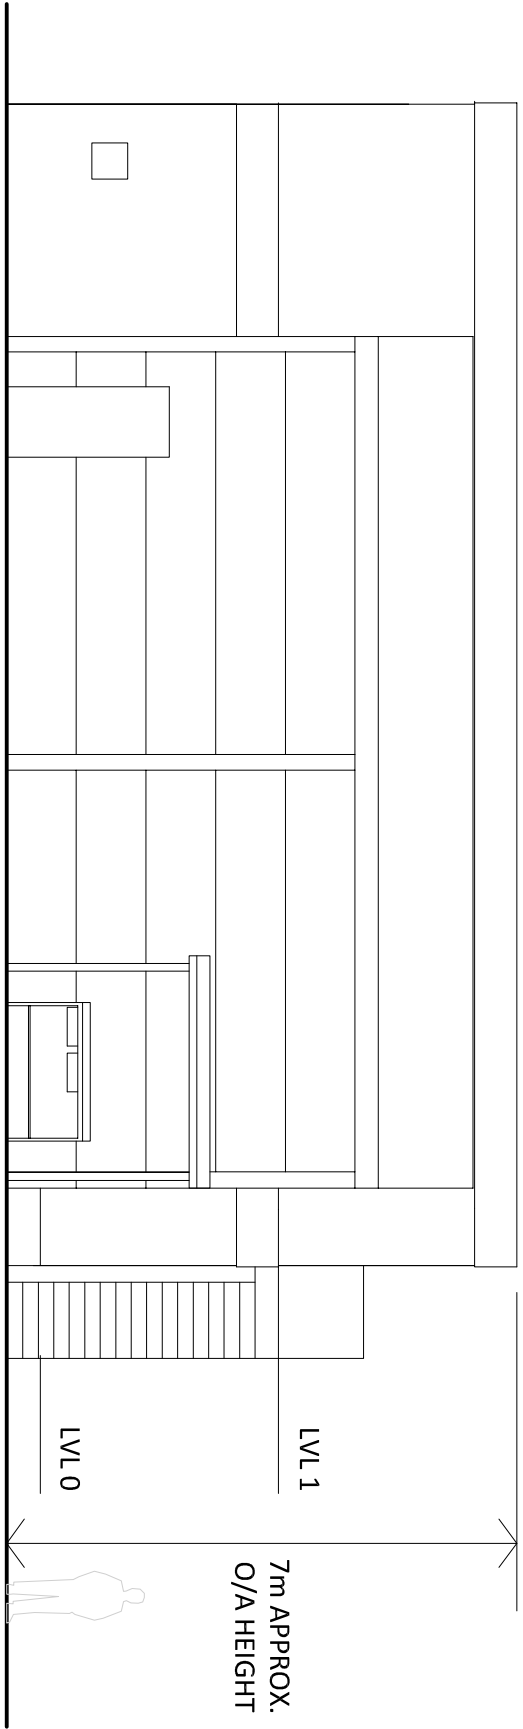

This drawing shall be used in conjunction with all other relevant drawings, specifications and associated documentation. Any discrepancies, errors or omissions shall be the responsibility of the originator and shall not be used for construction or reproduction of the design without the prior written permission of the originator.

All dimensions are to be checked on site by the contractor prior to proceeding with any work.
