

Floor plan of the first floor of a house. The plan shows a large living area (10.8m²) with a fireplace, a staircase, and a storage area. A bedroom (BED 6, 10.4m²) is located at the bottom left. A bathroom is at the bottom right, featuring a bathtub, toilet, and sink. A kitchen area is partially visible at the bottom. The plan includes dimensions for the rooms and a note '2000 X 500' for a section of the bathroom.

An architectural elevation drawing of a building facade. The drawing is composed of several rectangular sections. The leftmost section is a gable end with a steep roof, filled with horizontal hatching. To its right is a larger rectangular section, also filled with horizontal hatching, featuring a small, vertically oriented window with two panes. Below this window are three larger openings: a window with two panes, a central door with a transom, and another window with two panes. To the right of these is a smaller rectangular section with a single door. The far right section is a long, low rectangular section filled with horizontal hatching, containing a large window with multiple panes. The entire drawing is rendered in black outlines on a white background, with hatching used for shading.

SIDE ELEVATION (scale 1/100)
