

NOTICE OF PLANNING PERMISSION

Town and Country Planning Act 1990 Town and Country Planning (Development Management Procedure) (England) Order 2015

To:
Mr Stewart Rothwell
564 Bolton Road
Bury
BL8 2DU

On Behalf Of:
Mr Intazar Shah
72 Wellington Road
Bury
BL9 9BS

PART 1 - Particulars of Application

Application Number: 68721

Date of Registration: 29/07/2022

Proposal:
Single storey front extension; Single
storey/two storey rear extension; Widening of
existing vehicular access

Location:
5 Richmond Street, Bury, BL9 9BS

PART 2 - Particulars of Decision

Bury Metropolitan Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been **GRANTED** for the carrying out of the development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:-

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered Sheet 1, Sheet 2 Rev 2, Sheet 3 Rev 1 received 11/10/22 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
- 3 The proposed vehicular access alterations indicated on approved plan reference Sheet 2 Revision 2, incorporating the widening of the existing footway crossing by 2 No. dropped kerbs, partial removal of the existing boundary wall, removal of the existing gates, extension of the existing boundary wall with foundations that do not encroach under the adopted highway and all ground works to reinstate the adjacent footway to its former condition required as a result of the proposed development, shall be implemented to the satisfaction of the Local Planning Authority prior to the extension hereby approved being brought into use.
Reason. To ensure good highway design and maintain the integrity of the adopted highway, in the interests of highway safety pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and associated Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The Local Planning Authority worked positively and proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

The following policies of the Bury Unitary Development Plan, National and Regional Government were considered relevant:

H2/3 H2/3 - Extensions and Alterations
SPD6 Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.

This decision relates only to the Town and Country Planning Acts and does not include any consent or approval under any other enactment or under the Building Regulations. Any other consent or approval which is necessary must be obtained from the appropriate authority.

Applicant Plan Numbers:

Sheet 1, Sheet 2 Rev 2, Sheet 3 Rev 1 received 11/10/22

NOTES TO APPLICANT

1. The applicant's attention is drawn to the need to consult the Department for Operations regarding the specification for and implementation of the proposed footway crossing extension and any necessary highway remedial works. The cost of the works will be the responsibility of the applicant.
2. Electricity North West consultee response

The underlined documents below were forwarded to the application agent Mr S Rothwell on 04/10/22

We have considered the above planning application submitted on the 24th August 2022 and find it could have an impact on our infrastructure.

The development is shown to be adjacent to or affect Electricity North West's operational land or electricity distribution assets.

Where the development is adjacent to operational land the applicant must ensure that the development does not encroach over either the land or any ancillary rights of access or cable easements. If planning permission is granted the applicant should verify such details by contacting Electricity North West, Land Rights & Consents, Frederick Road, Salford, Manchester M6 6QH.

The applicant should be advised that great care should be taken at all times to protect both the electrical apparatus and any personnel working in its vicinity.

The applicant should also be referred to two relevant documents produced by the Health and Safety Executive, which are available from The Stationery Office Publications Centre and The Stationery Office Bookshops, and advised to follow the guidance given.

The documents are as follows:-

HSG47 - Avoiding danger from underground services.

GS6 - Avoiding danger from overhead power lines.

The applicant should also be advised that, should there be a requirement to divert the apparatus because of the proposed works, the cost of such a diversion would usually be borne by the applicant. The applicant should be aware of our requirements for access to inspect, maintain, adjust, repair, or alter any of our distribution equipment. This includes carrying out works incidental to any of these purposes and this could require works at any time of day or night. Our Electricity Services Desk (Tel No. 0800 195 4141) will advise on any issues regarding diversions or modifications.

Electricity North West offers a fully supported mapping service, at a modest cost, for our electricity assets. This is a service which is constantly updated by our Data Management Team who can be contacted by telephone on 0800 195 4141 or access the website <http://www.enwl.co.uk/our-services/know-before-you-dig>

It is recommended that the applicant gives early consideration in project design as it is better value than traditional methods of data gathering. It is, however, the applicant's responsibility to demonstrate the exact relationship on site between any assets that may cross the site and any proposed development.

3. The applicant's attention is drawn to the possible need to gain additional planning permission for the creation or replacement of a non-permeable hardstanding or driveway under the requirements of The Town and Country Planning (General Permitted Development) (Amendment) (No. 2) (England) Order 2008 (or any order revoking or re-enacting that Order). Planning permission will NOT be needed if a new or replacement hardstanding or driveway uses permeable (or porous) surfacing which allows water to drain through such as gravel, permeable concrete block paving or porous asphalt, or if the rainwater is directed to a lawn or border to drain naturally.
