Ainsworth

BL2 5RA

The proposed conversion will have little or no impact on Ainsworth as a conservation area. The garage itself will not be any bigger as there are no proposed extensions. If anything it will enhance the area as it will be going from a garage that is not used for parking to a living space opening up on to an existing decking area giving excellent views out on to the Delph and surrounding fields. The blocking up of the garage door with a window will in fact give it a more attractive appearance from the road that leads to the back of the house and the garage.
