Proposal: Single storey extension at side/rear

Location: 28 Salisbury Road, Radcliffe, Manchester, M26 4QD

Description

A semi-detached bungalow located within residential area with similar properties. The premises has a drive to the side that leads to a detached garage. There are also gardens to the front and rear. The attached property is No.26 Salisbury Road and the property on the opposite side is No.30 Salisbury Road.

Planning permission is sought for the construction a single storey side/rear extension. The extension would project 2.55m to the side and 4.3m to the rear, leaving 0.15m setback to the side and 6.3m setback from the front elevation. The extension would have a pitched roof with side and rear gable. The proposal would accommodate a kitchen/diner extension and a new bathroom. The development would be constructed with some matching materials.

H2/3 Extensions and Alterations

SPD6 Supplementary Planning Document 6: Alterations & Extensions

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For

simplicity, just the UDP and PFE Policies will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity

UDP Policy H2/3 and SPD6 seeks to achieve a high standard of design that complements the original building, does not have a detrimental impact on the character or appearance of neighbouring properties, and protects the general street scene.

The proposed single side/rear extension would be of a simple and unobtrusive design that would not detract from the character of the dwelling. The proposal would be constructed with in-keeping materials that would not overwhelm the dwelling or result in over development of the associated residential amenity space. It is considered that the proposal would not have a detrimental impact on the character of the dwelling, street scene or neighbouring properties and would therefore comply with UDP Policy H2/3 and SPD 6.

Residential Amenity

- Properties to the front and rear would be over 20m from the proposed side extension. These distances would be acceptable in terms of SPD 6.
- The proposed side/rear extension would project 2.55 metres to the side and would have a setback of 0.15 metres from the shared side boundary. Additionally, there would not be any proposed side windows facing towards the adjacent property (No.30) and there would be a sufficient distance to the shared side boundary on the opposite side. As such, the proposal would have no detrimental impact on the privacy of the neighbouring properties.
- SPD 6 states that a single storey extension should not project more than 3m along a neighbouring boundary. At which point the 45° rule should be applied. However, taking in to account the Larger Homes Scheme and that the adjacent neighbours have not objected. The projection of 4.3m would be acceptable.
- There would remain an acceptable amount of outdoor private amenity space.

Overall, there would be no serious impact on the amenity of any adjacent neighbouring properties. The proposal therefore conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to the drawings received on 04/04/2024 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
