Proposal: Hip to gable roof extension and loft conversion with windows to side gable wall including feature window to top of gable

Location: 606 Bolton Road, Bury, BL8 2DR

Description

The property is a two storey detached house located on a corner plot. It has drive and garden to the front and a low brick wall along the front and side with the wall increasing along the side to the rear garden where there is also planting. The house has a hipped roof with a hipped roof dormer to the side slope.

The application proposes a hip to gable roof extension to add a bedroom with ensuite to the extended roof space. The side wall would have a landing window and a feature window to the top of the gable.

Relevant Planning History

65796 - Lawful development certificate for proposed construction of a single storey rear extension using the permitted development rights - LD 28/09/20
35951 - Dormer extension at side - 08/12/99

Publicity

Surrounding neighbours were notified by letter and no responses have been received.

Statutory/Non-Statutory Consultations

None.

Pre-start Conditions - Not relevant.

Unitary Development Plan and Policies

H2/3 Extensions and Alterations
SPD6 Supplementary Planning Document 6: Alterations & Extensions

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act

2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity and design - The proposed extended roof would run from the existing ridge forming a side gable wall. Whilst the adjoining property has a hipped roof it is not unusual to see an adjoining property with this type of roof form as in some circumstances it can be constructed under permitted development. The side gable would have a feature window to the top and a landing window below. Materials would be white render to the extended and existing first floor and render is a common finish in the area. The roof is noted as tiles therefore a standard matching condition is added.

The proposal is considered acceptable and in keeping with the existing property and would not have a detrimental impact on the visual amenity of the area.

Parking - The proposal would increase the number of bedrooms from 4 to 5 and SPD6 requires parking spaces as set out in SPD 11 Parking Standards to be considered. This can then require the proposal to provide a maximum of 3 parking spaces. The site as existing has a drive to the front which can accommodate two vehicles. There is also on street parking in the area and public transport. In this instance then the parking arrangements are considered sufficient.

Residential amenity - The property is located on a corner plot where the side windows would over look the side road. The rear roof slope would have roof lights and there would be approximately 14.5m to the rear boundary with the property behind.

DELEGATED REPORT

There would then be no serious impact on the amenity of any adjacent neighbouring properties.

The proposal complies with UDP Policy H2/3 and SPD6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The Local Planning Authority worked positively and proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered 606BR/ARM/001 Revision A, 606BR/ARM/002 Revision A, 606BR/ARM/003 Revision A, 606BR/ARM/004A Revision A and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
- 3 The roof tiles for the extension hereby approved shall match those of the existing building.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
