Description of the Proposal

Please note in regard to:

- Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Proposed external and internal alterations to facilitate continued Class E commercial use (likely office accommodation), including:

Installation of a new rear access door within an existing recessed section of the rear elevation to provide secondary access and fire egress. Reinstatement of historic window openings previously blocked on the front and rear elevations to restore the building's original architectural form and improve natural light.

Replacement of existing windows to new painted timber casement windows with slimline double glazing (12 mm overall)

Replacement of rear door to waste / cycle storage area to painted timber panel door with heritage ironmongery set in existing stone reveal.

Installation of seven flush-fitting conservation-style rooflights (three on the front roof slope and four on the rear roof slope) to serve the upper-floor commercial units, replacing and rationalising rooflights from the earlier refused scheme.

Retention of the existing ground-floor Class E (retail) units, with conversion of the upper floors to Class E (office) use.

Internal reconfiguration to create five self-contained office suites with shared circulation, welfare facilities, and internal refuse and cycle storage.

All external works to be carried out using matching natural stone, Welsh slate, timber joinery, and lime mortar repairs to preserve the building's historic fabric and appearance.

Has the work or change of use already started?

- ☐ Yes
☒ No

Existing Use

Please describe the current use of the site

Class E. Specifically Commercial retail use. 2 x Existing retail units on the ground floor. Proposal is to the one large unit to the top two floors.

Is the site currently vacant?

- ☒ Yes
☐ No

If Yes, please describe the last use of the site

Class E Retail. The site is part in use to the ground floor. It is vacant to the uppers where the works are proposed.

When did this use end (if known)?

30/03/2023

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Doors

Existing materials and finishes:

New door creation to the rear Replacement of existing access door to the waster and cycle storage area.

Proposed materials and finishes:

Painted timber panel door set within existing stone reveal. Colour: heritage off-black (e.g. RAL 9005); finish: satin; ironmongery: black.

Type:

Windows

Existing materials and finishes:

Mix of timber and later uPVC units painted red OR Closed up historic openings

Proposed materials and finishes:

New and Replacement Windows – Installation of new and replacement heritage-style painted timber casement windows to upper floors, featuring slimline double glazing (12 mm overall). Windows will be finished in heritage off-white (RAL 9001) with black ironmongery, maintaining traditional proportions within the existing stone reveals.

Type:

Roof

Existing materials and finishes:

Natural Welsh slate

Proposed materials and finishes:

Rooflights. Conservation-style rooflight (flush-fitting design such as Velux GGL Conservation, The Rooflight Company "Conservation Rooflight," or equivalent approved). Powder-coated aluminium or steel external frame with slim, black profile. Heritage-compliant low-profile design replicating cast-iron aesthetic. Matt black powder-coat (e.g., RAL 9005) to match existing roof detailing and blend with slate roof covering. Double-glazed, clear toughened glass with black spacer bars; no applied glazing bars unless matching historic precedent. Natural Welsh slate retained; rooflights to be set between rafters without cutting through ridge or verge lines. Lead flashing and detailing to match existing roofwork.

- ☐ Yes
☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- ☐ Yes
☒ No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

☐ Soakaway

☒ Main sewer

☐ Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

b) Designated sites, important habitats or other biodiversity features

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

c) Features of geological conservation importance

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

☐ Yes

☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Over 25 square metres

Please justify the reason why biodiversity net gain does not apply:

The development comprises external and internal alterations to an existing stone-built commercial building within a fully hard-surfaced town-centre site. There are no natural habitats present within the site boundary, and therefore Biodiversity Net Gain does not apply in accordance with the Environment Act 2021 and associated BNG Regulations (2024)

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer

- ☒ Yes
☐ No

If Yes, please provide details:

Internal waste store allocated on the ground floor.

(2-)A006-A_PROPOSED LAYOUT PLANS - COMMERCIAL

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☐ Yes

Details of the pre-application advice received

The rear access door is deemed acceptable.

The reinstatement of historical openings is deemed acceptable.

The reduction in proliferation of rooflights is more in keeping with the planning offices expectations.

Full planning should be applied for continued Class E use but noting the more office type / appointment type usage rather than walk in retail.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
- ☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
- ☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
