NOTES TO APPLICANT

1. The applicant's attention is drawn to the possible need to gain additional planning permission for the creation or replacement of a non-permeable hardstanding or driveway under the requirements of The Town and Country Planning (General Permitted Development) (Amendment) (No. 2) (England) Order 2008 (or any order revoking or re-enacting that Order). Planning permission will NOT be needed if a new or replacement hardstanding or driveway uses permeable (or porous) surfacing which allows water to drain through such as gravel, permeable concrete block paving or porous asphalt, or if the rainwater is directed to a lawn or border to drain naturally.
