

Residential Development Accessibility Score (21/03/2025)

Entered Values

Score for distance to nearest bus stop: **5**

Score for distance to nearest railway station: **3**

Score for distance to nearest Primary School: **0**

Score for distance to nearest food shop: **5**

Score for distance to defined cycle routes: **2**

Score for distance to nearest Secondary School: **0**

Score for distance to nearest Town Centre: **3**

Score for distance to nearest Business Park or employment concentration: **3**

Score for bus frequency of principal service (Urban or Rural): **5**

Score for train frequency from nearest station: **3**

Score for Accessibility to other basic services (GP, Post Office, Library, Bank): **3**

Score for distance to nearest play area or park: **1**

Your Score

Your Residential Development Accessibility Score is: 35

Project: 78-80 Church Street West, Radcliffe, M26 2SY
IDC ref: 25007

Residential Development Accessibility Score Calculator

Please enter data as completely as possible.

Additional map based information on the location of services (eg. bus stops, primary schools) can be found on Lancashire County Council's Mapping System. This should be used to determine the accessibility of your site to key services.

Please choose an option for every question

Select distance to nearest bus stop from centre of site (via a direct, safe route)

☒ <200m (5)

☐ <400m (3)

☐ <500m (1)

☐ >500m (0)

Select distance to nearest railway station from centre of site (via a direct, safe route)

☒ <400m (3)

☐ <800m (2)

☐ >800m (1)

Select distance to nearest Primary School from centre of site (via a direct, safe route)

☐ <200m (5)

☐ <400m (3)

☐ <600m (1)

☒ >600m (0)

Select distance to nearest food shop from centre of site (via a direct, safe route)

☒ <200m (5)

☐ <400m (3)

☐ <600m (1)

☐ >600m (0)

Select distance to defined on or off-road cycle route

Please note that in the adopted Supplementary Planning Guidance (SPG) 'Access and Parking' there is no range for 500m to 1km. This is an error that it is not possible to amend in the published SPG. However, the calculation below has been modified to reflect the correct situation.

☐ <100m (3)

☒ <500m (2)

☐ <1km (1)

Select distance to nearest Secondary School from centre of site

☐ <400m (3)

☐ <600m (2)

☐ <1km (1)

☒ >1km (0)

Select distance to nearest Town Centre from centre of site

☒ <1km (3)

☐ <3km (2)

☐ <4km (1)

Select distance to nearest Business Park or employment concentration from centre of site

☒ <1km (3)

☐ <3km (2)

☐ <4km (1)

Bus frequency of principal service from nearest bus stop (Mon-Sat daytime).

Select frequency **if development is within an Urban/Suburban area**

☒ 15 minutes or less (5)

☐ 30 minutes or less (3)

☐ >30 mins (1)

Bus frequency of principal service from nearest bus stop (Mon-Sat daytime).

Select frequency **if development is within a village or rural area**

☐ Hourly or less (5)

☐ Every 2 hours or less (3)

☐ 1 or more per day (1)

Train frequency from nearest station (Mon-Sat daytime)

☒ 30 mins or less (3)

☐ 30-59 minutes (2)

☐ Hourly or less frequent (1)

Accessibility to other basic services (GP, Post Office, Library, Bank and Pub)

☒ At least 3 within 400m (5)

☐ At least 3 within 800m (3)

☐ At least 3 within 1.5km (1)

Select distance to nearest play area or park from centre of site

☐ <200m (5)

☐ <400m (3)

☒ <600m (1)
