Description of the Proposal

Please note in regard to:

- Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

The development comprises the construction of a full-size Football Association (FA) compliant 11v11 synthetic turf pitch measuring approximately 91m by 55m, including a 3m perimeter safety runoff and associated multi-use line markings for cross-pitch play. The proposal includes the installation of associated infrastructure and ancillary features including perimeter twin bar panel fencing up to 4.5m in height, internal spectator fencing of approximately 1.1m in height to define viewing areas, designated goal storage and spectator areas, installation of a storage container for grounds maintenance equipment, and LED floodlighting to enable all-weather and extended-hours use. The development will enhance the existing sports and recreational use of the site and no change of use is proposed.

Has the work or change of use already started?

- ☐ Yes
- ☒ No

Existing Use

Please describe the current use of the site

The site currently comprises an existing natural turf playing field within the grounds of Philips High School, which is used for a range of outdoor sports activities.

Is the site currently vacant?

- ☐ Yes
- ☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
- ☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
- ☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
- ☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
- ☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Boundary treatments (e.g. fences, walls)

Existing materials and finishes:

N/A

Proposed materials and finishes:

The proposed fencing will comprise a twin bar panel steel mesh system with a galvanised steel construction and polyester powder coated finish in RAL6005 dark green. Perimeter ball stop fencing will be installed up to a maximum height of 4.5m. Internal spectator fencing will be provided at approximately 1.1m in height. Mesh apertures will be approximately 200 x 50mm, with 66 x 50mm rebound mesh to the internal pitch perimeter where required. Matching steel access gates will be included, finished in RAL6005 dark green.

Type:

Lighting

Existing materials and finishes:

N/A

Proposed materials and finishes:

The proposed floodlighting will comprise LED sports luminaires (Abacus Challenger 1 series) mounted on galvanised steel columns with a typical height of 15m. The luminaires will include integral louvre shielding to control light spill and glare. Columns and lighting units will be finished in a dark colour (typically dark grey/green) to minimise visual impact.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☒ Yes
☐ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
