NOTES TO APPLICANT

1. The applicant should note that the grant of planning permission does not include any separate permission which may be needed to erect a structure in the vicinity of a public sewer or to divert a culverted watercourse. Such permission should be sought direct from United Utilities. Buildings are not normally allowed within 4.0 metres of a Public Sewer although this may vary depending on the size, depth, strategic importance, available access and the ground conditions appertaining to the sewer in question.
2. Whilst the building to be demolished has been assessed as low risk for bats, the applicant is reminded that under the Habitat Regulation it is an offence to disturb, harm or kill bats. If a bat is found during demolition all work should cease immediately and a suitably licensed bat worker employed to assess how best to safeguard the bat(s). Natural England should also be informed.
3. The applicant's attention is drawn to the existence of the non-definitive right of way to the rear of No.'s 1 – 11 Kingsmoor Avenue that abuts and forms a connection with the site. No development should take place which affects the Right of Way in the absence of an appropriate closure or diversion order.
4. The applicant's attention is drawn to the need to consult the Department for Place regarding the specification for and implementation of the proposed access alterations and associated works. The cost of the works will be the responsibility of the applicant.
5. The applicant's attention is drawn to the need to complete a Section 38 Agreement under the Highways Act 1980, and a Section 104 Agreement under the Water Industry Act 1991, regarding the future adoption of the proposed roads and sewers.
6. The Council currently operates a curtilage system of refuse collection. The applicant is advised to liaise with Environment & Development Services, Waste Management & Transport - Bradley Fold, on 0161 253 7010/6635, regarding the operation of this system.
7. The Council currently operates a curtilage system of refuse collection. The applicant is advised to liaise with Waste Management, Bradley Fold Depot on 0161 253
