Subject: 67586 - URN:2022/0064/PLA/01

Good Morning,

Thank you for the opportunity to comment on this application, having looked over the documents, we would have the following comments:

It is clear that this type of facility is best situated within the community and In response to this and in consideration of the work of GMP, should the local authority be minded to support this application we would recommend that the following elements are specifically conditioned as part of any planning approval granted:-

- The maximum number of residents (4)
- The minimum number of staff present while residents are in occupation (4)
- The age range of the residents
- Visiting arrangements to the site, with the permitted hours and maximum numbers specified.
- The site managers should be required to inform the local neighbourhood policing team about the residents in advance of them moving in, and any subsequent changes

I hope this is helpful, and please let me know if you think I can be of further assistance in relation to this matter.

Kind Regards

Sean Bastow Bsc Hons
