

Floor plan of the 1st floor. The layout includes a Garage (E/C 2180) on the left, a Dining area at the top, a Kitchen in the center, and a Lounge (E/C 2280) on the right. A staircase with an 'UP' arrow is located between the Garage and the Lounge. The plan shows various doors, windows, and structural elements like walls and stairs.

A line drawing of a building facade. On the left, a vertical line represents a wall. A chimney is shown on the roofline. The roof is gabled, with the slope indicated by a diagonal line. Below the roofline, there is a set of double doors with vertical panels. To the right of the doors is a small, rectangular structure, possibly a porch or a small room. The drawing is simple, using only black lines on a white background.

A line drawing of a staircase with a handrail. The drawing shows the steps and the railing structure, including a vertical post and a horizontal rail. The drawing is simple and uses black lines on a white background.

Building regulation drawings can be used for building estimates, however for an accurate quote builders must attend site as these drawings do not account for all aspects of the building works.
