Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposal consists of the erection of a single-storey, open-sided carport over the existing driveway. The carport will be supported by four or five posts, with a flat or pitched roof not exceeding 2.5m. No new access or streets will be created. The driveway surface will remain as existing, providing hard-standing for vehicles. Rainwater from the carport roof will be collected via gutters and discharged onto the existing driveway surface, which is permeable / drains to an existing surface water drain. The proposed carport will be sited entirely within the boundaries of the property, as shown on the submitted plan, with rough dimensions indicated.

Roof height, type of roof, number of posts and materials are indicative and will be finalised before construction in accordance with planning conditions.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
☒ No

Has the proposal been started?

- ☐ Yes
☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The land is part of the residential property and has been used as a private driveway for the existing dwelling. No changes are proposed to the lawful use of the land or existing buildings. Therefore, the existing use is lawful and the proposed carport is an ancillary domestic structure within the property boundary.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

No previous planning permissions are relevant to this proposal.

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed carport is a single-storey, open-sided structure erected entirely within the boundary of the existing residential property. It is ancillary to the main dwelling, does not increase the number of dwellings, and does not change the lawful use of the land, which remains C3 – Dwellinghouse. The structure is of a scale, height, and position that falls within permitted development allowances for minor domestic buildings. Therefore, the proposed development is lawful under the relevant planning legislation, and a Lawful Development Certificate should be granted.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☐ The agent
☒ The applicant
☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

☒ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

Interest in the Land

Please state the applicant's interest in the land
