

Ainsworth Road

1

Existing Drainage Plan
1 : 50

Key

- Application Boundary
- Foul Water drainage (indicative route)
- Surface Water drainage (indicative route)
- Rainwater downpipe (RWP)
- Existing Foul connection to public sewer (location to be confirmed)
- Existing surface water connection to public sewer (location to be confirmed)

Notes

- Drainage routes are indicative and based on typical arrangements for properties of this type. The exact route and location of existing connections to the public sewer will be confirmed on site prior to construction.
- Foul water from the proposed kitchen, WCs and shower rooms will discharge to the existing foul drainage system.
- Surface water from the proposed extension and roof areas will be collected via gutters and downpipes and discharged to the existing surface water system where available and suitable.
- No surface water will discharge onto neighbouring land or the public highway.
- This drawing is for planning purposes only and should be read in conjunction with the Drainage Statement.
