

Police - designforsecurity

Restricting the hours of opening to 21.00 seems reasonable and I will withdraw my objection. However, I suggest you consider a condition that restricts the time when customers are no longer allowed entry the premises (perhaps 20.30), a time when all customers should vacate (21.00) and then staff should vacate (21.30).

I cannot see any planning approval for the canopy and outdoor seating. If consent is sought via this application, it should be explicit in the development description. I also suggest restricting the time of use of the outdoor seating to 21.00.

I have been made aware, by a colleague in the Divisional Licensing Section, of a detached building being erected in the rear garden of the property. I cannot find evidence of planning approval for this either. Can you confirm, or otherwise, that a building is under construction and, if so, what is the proposed use? Your findings may cause me to alter my response to this application.

I look forward to hearing from you again.

Kind regards
