Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

We would like to make minor adjustments to the size and position of the proposed new windows on the front and side elevations. We would also like the option of reducing the size of the roof velux windows (east side) and increase the number from 2No to 3No as we are hoping to include an on suite bathroom within the loft (to be confirmed when roof timbers are in place).

We would like to change the bullseye window on the front elevation from the approved size of 600mm to 450mm with a 100mm thick stone surround. The new window on the side elevation is to have a straight lintel instead of an arch and reduced in size to 600mm wide x 800mm high.

Please state why you wish to make this amendment

The reason for changes to the bullseye and side elevation windows is to allow us to move them a little closer to the roof / ridge line to create a greater distance from finished floor level (approx. 800mm), as the approved positions are too close to finished floor level. The approved larger bullseye window also looks a little out of proportion to the size of the apex / gable on the front elevation.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
