

NOTICE OF PLANNING PERMISSION

Town and Country Planning Act 1990 Town and Country Planning (Development Management Procedure) (England) Order 2015

To:
Mr Steven Hartley
HP&DA Ltd
Swallow Barn
Lower Chapel Hill
Hurst Lane
Rawtenstall
BB4 8TB

On Behalf Of:
Mr G Spillard
c/o agent

PART 1 - Particulars of Application

Application Number: 71060

Date of Registration: 20/08/2024

Proposal:

Change of use from mixed commercial use with associated living accommodation above to ground floor commercial use (Class E(a)) and 1 no. self-contained first floor flat (Class C3); Single storey rear extension.

Location:

7 Church Street, Ainsworth, Bolton, BL2 5RA

PART 2 - Particulars of Decision

Bury Metropolitan Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been **GRANTED** for the carrying out of the development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:-

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered Location Plan, GS-24-07-24-A, GS-24-07-24-B and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan and Places for Everyone Joint Development Plan listed.
- 3 The car parking indicated on the approved plans shall be made available for use prior to the use hereby approved commencing and thereafter maintained at all times.
Reason. To ensure adequate off street car parking provision in the interests of road safety pursuant to policy HT2/4 - Car Parking and New Development of the Bury Unitary Development Plan.
- 4 The bin storage facilities indicated on the approved plans shall be made available

prior to the use hereby approved commencing and maintained thereafter.

Reason. To ensure adequate provision for the storage and disposal of refuse within the curtilage of the site, clear of the adopted highway pursuant to Development Plan Policies EN1/2 - Townscape and Built Design, H2/2 - The Layout of New Residential Development, JP-C5 - Streets for All and JP-C6 - Walking and Cycling.

- 5 The development hereby approved shall not be commenced unless and until facilities for the storage of construction materials have been provided within the curtilage of the site in accordance with the approved Removal and Storage of Building Materials plan GS-121224.A. The facilities shall be retained for the intended purpose and the area identified shall not be used for any other purposes other than the storage of construction materials for the duration of the construction period.
Reason. To maintain the integrity of the adopted highway and ensure adequate off highway materials storage arrangements are provided for the duration of the construction period, in the interests of highway safety pursuant to Development Plan Policies EN1/2 - Townscape and Built Design, H2/2 - The Layout of New Residential Development, JP-C5 - Streets for All and JP-C6 - Walking and Cycling.
- 6 The ground floor of the premises shall be used for Class E(a) Display or retail sale of goods, other than hot food only and for no other purposes, including any other purpose in Class E of the Schedule to the Town and Country Planning (Use Classes) Order 1987 or as subsequently amended.
Reason. To protect the amenity of the attached residential properties and to ensure that future inappropriate changes of use do not occur pursuant to policies of the Development Plan listed.
- 7 The existing unauthorised roller shutter and box shall be removed prior to occupation of the ground floor unit. The existing timber front door shall be retained.
Reason. In the interests of visual amenity and the character of the Conservation Area and to ensure a satisfactory development pursuant to Policy EN1/2 - Townscape and Built Design, EN2/1 - Character of Conservation Areas and EN2/2 - Conservation Area Control of Bury Unitary Development Plan.
- 8 The dwelling hereby approved shall be built in accordance with the 'accessible and adaptable' standard in Part M4(2) of the Building Regulations.
Reason. To secure the satisfactory development of the site pursuant to Places for Everyone Joint Development Plan Policy JP-H3: Type, Size and Design of New Housing.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The Local Planning Authority worked positively and proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

The following policies of the Bury Unitary Development Plan, National and Regional Government were considered relevant:

- | | |
|-------|---|
| EN2/1 | EN2/1 - Character of Conservation Areas |
| EN2/2 | EN2/2 - Conservation Area Control |
| OL7/2 | OL7/2 - West Pennine Moors |
| S1/4 | S1/4 - Local Shopping Centres |

EN1/2	EN1/2 - Townscape and Built Design
JP-P1	Sustainable Places
JP-G9	The Green Belt
JP-G8	A Net Enhancement of Biodiversity and Geodiversity
H1/2	H1/2 - Further Housing Development
H2/1	H2/1 - The Form of New Residential Development
H2/2	H2/2 - The Layout of New Residential Development
JP-H1	Scale of New Housing Development
JP-H3	Type, Size and Design of New Housing
JP-H4	Density of New Housing
JP-C2	Digital Connectivity
JP-S2	Carbon and Energy

This decision relates only to the Town and Country Planning Acts and does not include any consent or approval under any other enactment or under the Building Regulations. Any other consent or approval which is necessary must be obtained from the appropriate authority.

Applicant Plan Numbers:

Location Plan, GS-24-07-24-A, GS-24-07-24-B

NOTES TO APPLICANT

1. In accordance with S93G of the Town and Country Planning Act 1990 (As amended by Section 111 Levelling Up & Regeneration Act 2023) there is a legal requirement for you to inform the Council of the date when you intend to commence the development on site via submission of a Commencement Notice. This notice is mandatory for all developments and came into effect on 31 March 2024. You can find more information and download a copy of the Commencement Notice under the Before Starting Work section on our website at <https://www.bury.gov.uk/planning-building-control/planning-permission/planning-application-process>
2. ***The local planning authority considers that approval of a BIODIVERSITY GAIN PLAN WILL NOT BE REQUIRED BEFORE DEVELOPMENT COMMENCES***

Biodiversity Net Gain

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- and
- (a) a Biodiversity Gain Plan has been submitted to the planning authority,
 - (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Bury Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are listed below.

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before

development is begun because one or more of the statutory exemptions or transitional arrangements in the list below is/are considered to apply.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition.

1. The application for planning permission was made before 12 February 2024.
2. The planning permission relates to development to which section 73A of the Town and Country Planning Act 1990 (planning permission for development already carried out) applies.

3. The planning permission was granted on an application made under section 73 of the Town and Country Planning Act 1990 and

(i) the original planning permission to which the section 73 planning permission relates* was granted before 12 February 2024; or

(ii) the application for the original planning permission* to which the section 73 planning permission relates was made before 12 February 2024.

4. The permission which has been granted is for development which is exempt being:

4.1 Development which is not 'major development' (within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015) where:

- iv) the application for planning permission was made before 2 April 2024;
- v) planning permission is granted which has effect before 2 April 2024; or

vi) planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 where the original permission to which the section 73 permission relates* was exempt by virtue of (i) or (ii).

4.2 Development below the de minimis threshold, meaning development which:

iii) does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and

iv) impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (as defined in the statutory metric).

4.6 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A "householder application" means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

4.7 Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).

4.8 Self and Custom Build Development, meaning development which:
iv) consists of no more than 9 dwellings;
v) is carried out on a site which has an area no larger than 0.5 hectares; and
vi) consists exclusively of dwellings which are self-build or custom housebuilding (as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015).

4.5 Development forming part of, or ancillary to, the high speed railway transport network (High Speed 2) comprising connections between all or any of the places or parts of the transport network specified in section 1(2) of the High Speed Rail (Preparation) Act 2013.

* “original planning permission means the permission to which the section 73 planning permission relates” means a planning permission which is the first in a sequence of two or more planning permissions, where the second and any subsequent planning permissions are section 73 planning permissions.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

The effect of section 73D of the Town and Country Planning Act 1990

If planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 (application to develop land without compliance with conditions previously attached) and a Biodiversity Gain Plan was approved in relation to the previous planning permission (“the earlier Biodiversity Gain Plan”) there are circumstances when the earlier Biodiversity Gain Plan is regarded as approved for the purpose of discharging the biodiversity gain condition subject to which the section 73 planning permission is granted.

Those circumstances are that the conditions subject to which the section 73 permission is granted:

- i) do not affect the post-development value of the onsite habitat as specified in the earlier Biodiversity Gain Plan, and
- ii) in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat the conditions do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier Biodiversity Gain Plan.

The permission which has been granted has the effect of requiring or permitting the

development to proceed in phases. The modifications in respect of the biodiversity gain condition which are set out in Part 2 of the Biodiversity Gain (Town and Country Planning) (Modifications and Amendments) (England) Regulations 2024 would apply if the permission were subject to the biodiversity gain condition.

In summary: Biodiversity gain plans would be required to be submitted to, and approved by, the planning authority before development may be begun (the overall plan), and before each phase of development may be begun (phase plans).]

3. **COPA INFORMATIVE 01 - THE CONTROL OF POLLUTION REGULATIONS 1974, SECTION 60. CONTROL OF NOISE ON CONSTRUCTION SITES**

Works carried out in connection with the planning permission shall comply with the above regulations which require the following:

1. All works and ancillary operations which are audible at the boundary of the nearest house or noise receptor, or at such other place as may be agreed with the Council, shall be carried out only between the hours of 0800 and 1800 on Mondays to Fridays and between the hours of 0900 and 1400 on Saturdays and at no time on Sundays and Bank Holidays.

2. The best practicable means, as defined in section 72 of the Control of Pollution Act 1974, to reduce noise to a minimum shall be employed at all times.

3. All plant and machinery in use shall be properly silenced and maintained in accordance with the manufacturer's instructions.

4. Any emergency deviation from the above (1 – 3) shall be notified to Bury Council without delay.

Any contravention of these requirements will trigger the serving of a Notice under Section 60 of The Control of Pollution Regulations 1974.

4. The Council currently operates a curtilage system of refuse collection. The applicant is advised to liaise with Waste Management, Bradley Fold Depot on 0161 253 6621/7010, regarding the operation of this system.

5. The applicant's attention is drawn to the fact that the adopted highway and unadopted rear access should not be used for the storage of bins.

Signed:

6 of 7

.....
On behalf of the Council

Date of Decision: 16/12/2024
