FIG.1

FIG.1

PLAN 1:50

ELEVATION A 1:50

ELEVATION B 1:50

Metal mesh gas cylinder storage unit with sloped clad roof panels. Full width double doors to front face. Galvanised finish.

[illegible]

The technical drawings show the EVO 1000 unit from two perspectives:

- PLAN 1:50:** A top-down view of the unit. It is rectangular with overall dimensions of 7000 mm in width and 4000 mm in height. The front panel features a square display area (1900 mm wide by 1600 mm high) and a circular control panel (2300 mm wide by 2500 mm high) located to the right of the display.
- ELEVATION A 1:50:** A side view of the unit. The overall height is 9680 mm. The front panel is 1900 mm wide and 6400 mm high. The unit is mounted on a base that is 7000 mm wide and 450 mm high. The distance from the top of the front panel to the top of the unit is 520 mm. The distance from the bottom of the front panel to the base is 1130 mm. The unit has a vertical section on the right side that is 2200 mm high.
