

69049 – 14 Prestwich Park Road South, Prestwich

Replacement of existing windows - 12 no. front, 3 no. side and 7 no. rear of property.

In light of the allowed appeal at No.20 Prestwich Park Road South for the retention of UPVc window frames I raise no objection to this application subject to a condition to secure full design and appearance details of the replacement window frames in order to at least preserve the character and appearance of the St Mary's Conservation Area.
