

Statement of Community Involvement

Residential development at Former Mondri/Holcombe Mill, Bridge Street, Ramsbottom

The Statement of Community Involvement has been prepared by Eccleston Homes Ltd in support of the Planning Application for residential development at Former Mondri/Holcombe Mill, Bridge Street, Ramsbottom.

Eccleston Homes Ltd participated in an extensive programme of pre-application engagement with the Council and other statutory consultees prior to the submission of the original application and during its consideration.

This provided an important opportunity to engage with the Council and key stakeholders to ensure that the proposals were consistent with the local planning policy and to gather feedback. The process raised a number of issues and concerns which have been fully addressed within the revised submission.

When the application is validated, Bury Council will forward letters to neighbouring properties confirming receipt of the application and allow 21 days for comments to be made on the proposals.

All information in relation to the Planning Application will be made available to view on Bury Councils Planning website.
