

Energy and Digital Connectivity Statement Policy

JP-S2: Carbon and Energy

The light fittings will be low energy bulbs.

The development will comply with current thermal and energy regulations as required under building regulations part L 2022.

An EV charge point will be located in the car park.

Solar panels will be provided on the roof of the building.

The building will not be heated to minimise energy demand

JP-S3 Heat and Energy Networks

The MRF building will not be heated to minimise energy demand. The site is not within the identified heat and energy network opportunity area.

JP-C2: Digital Connectivity

Full Fibre is not yet available in this area. The whole premises will be connected digitally.
