Hi Dean

Further to my previous email below, updated highways details have now been compiled. The updated details respond to the prior comments provided by Bury Highways and TfGM.

Can I please ask for the updated details to be added to the case file for the purpose of discharging conditions 12 and 13.

The attached document FS1013-VS-XX-XX-T-H-1010 lists the changes made to the documents.

Once added to the file, I'd be grateful if you could ascertain whether Highways are now content for the 2no. highways conditions to be discharged.

Due to the combined file size, I will share across 2 emails.

Best regards
