Dec Level: DEL

Stat Class: HOUS

Proposal: Front dormer

Location: 16 Edgeworth Drive, Bury, BL8 2EB

Description

The application relates to a semi-detached dormer style bungalow, which is situated at the head of a cul-de-sac. At the front of the site there is a garden area with a low wall along the front boundary with driveway to the side leading to a detached garage and garden at the rear of the property.

The proposal is to add a pitched roof dormer to the front of the house. It would be finished with UPVC cladding.

Relevant Planning History

71373 - Single storey rear extension; Rear dormer -

Publicity

10 neighbours notified on 06/12/2024 - No comments or objections received.

Statutory/Non-Statutory Consultations

None.

Pre-start Conditions - Not relevant.

Development Plan and Policies

SPD6 Supplementary Planning Document 6: Alterations & Extensions

H2/3 Extensions and Alterations

PFE Places for Everyone

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and PfE Policies will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

The main considerations of this application are the impact of the proposal on visual and residential amenity.

Visual Amenity -

SPD 6 and UDP Policy H2/3 seek to achieve a high standard of design that compliments the original building, and does not have a detrimental impact on the character and appearance of neighbouring properties and the general street scene.

There are many properties along Edgeworth Drive as well as throughout the estate which have both flat roof and pitched roof dormers to the front and rear of the dwellings. The proposed dormer would be similar in appearance to others in the immediate vicinity. As such it would not be considered out of character in the existing streetscape. The design of the proposal is considered to be in keeping with the existing building.

Given the above the proposal conforms to Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity, and Places for Everyone Joint Development Plan listed.

Residential Amenity -

- As there would be no development to the rear of the dwelling there would not be any detrimental impact on residential amenity at properties to the rear.
- There is an existing front dormer which would be replaced by a larger dormer. However the separation distance to properties to the front would be more than acceptable in terms of SPD 6 and as such it is considered that there would not be any significant detrimental impact on residential amenity at those properties.
- The dormer would be set away from the shared boundary with the attached property so there would not be any concerns regards encroachment.
- As the dormer would not be any closer to no.18 to the north west of the site than the existing building and there would be no windows to the side which would overlook the garden at this property.
- Views from the front windows would be over the highway in front only.
- The proposal would not have any detrimental impact on existing parking arrangements within the site.

The proposal conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of separation distance to the surrounding properties.

Parking -

The proposal would not increase the number of bedrooms therefore SPD 11 Parking Standards need not be considered. The parking arrangements would remain as existing where there is parking to the front garden and drive.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered P01, P02, P03, P04, P05 and P06 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity, and Places for Everyone Joint Development Plan listed.
- 3 The external finishing materials for the dormer hereby approved shall be UPVC cladding as stated on the application form.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.

- 4 Facilities for the storage of construction materials shall be provided within the curtilage of the site. The measures shall be retained and facilities used for the intended purpose for the duration of the construction period.
Reason. To maintain the integrity of the adopted highway and ensure adequate off street materials storage arrangements for the duration of the construction period, in the interests of highway safety pursuant to UDP Policy H2/3 Extensions and Alterations.
