

67711 - St John Shuttleworth, Whalley Road, Ramsbottom, BL0 0EF – Bird Nest Survey information
(provided via email with photos below)

Hi Dominic,

Suitably experienced ecologist Richard Lowe visited St. John's Church this morning (16 May 2023).
Weather was suitable for a nesting bird survey as dry, light wind, cloud 90 percent and 13 degrees.

No bird activity was identified within in any of the trees T1-3 or G1 and all trees were marked with a
blue spray to confirm absence of nesting birds.

Applicable tree felling should of T1-3 or G1 should take place within the next 48 hour period (to be
completed by 18 May 2023) . Please provide time stamped photographs of the felling work.

Kind regards,

[redacted]
