

Waste Management Strategy

Development description: Proposed Change of use of retail into Restaurant and installation of an external flue pipe at the rear of the property.

Development location: 65A Windsor Road Prestwich M25

Strategy prepared by: HSH Engineering Design Service Ltd , 428 Cheetham Hill Rd, Manchester M8 9LE

Date Prepared: Dec 2023

A planning application has been submitted for the change of use and as such a waste management plan including the strategy has been prepared.

General refuse from the apartment above shall be stored at the rear of the building as indicated on Drawing no 07.

The waste from the restaurant is proposed to be stored in a purpose build timber store at the front to the building indicated in drawing No 07.

The size of 1100lt purchased from Environmental services or and stored on premises.

3. Bin collection arrangement.

The bins will be wheeled at the front of the building for collection and wheeled back to its original position for storage, which is at the rear for the domestic waste and to the front premises for commercial waste. Please see Drawing No 7
