

69115 – Mercedes Benz of Whitefield, 845 Manchester Road, Bury

Environmental Health recommend operating hours from 06:00-08:00 only for drop off of vehicles to the front car park. No vehicle movement from the car park to the workshop until after 08:00 to prevent noise disturbance from engine, horns and door opening/closing for local residents. The workshop can be used with the door closed as long there is no noise disturbance for local residents.
