Proposal: Two storey/single storey rear extension

Location: 28 Bent Lane, Prestwich, Manchester, M25 1DN

Description

The property is a semi-detached house with fenced gardens to the front and rear . The adjoining neighbouring property is No.26.

Planning permission is sought for the erection of part single part two storey extensions. The single element would project 4m to the rear and run 7.82m to the side. The two storey segment would project 3m to the rear and run 5m to the side. The development would accommodate a new open plan kitchen/dining/living on the ground floor along with a bedroom extension on the first floor. The development would have a pitched, hipped roof over the two storey extension and a mono-pitched roof with sunroof over the single storey segment. The proposal would also utilise the use of matching materials.

Issues and Analysis

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and PfE Policies will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity

UDP Policy H2/3 and SPD6 seeks to achieve a high standard of design that compliments the original building, does not have a detrimental impact on the character or appearance of neighbouring properties, and protects the general street scene.

The part single, part two-storey rear extension would be built with matching materials that would complement the existing building. This is a design which is commonly found on this type of property and as such, there are number of properties with similar developments within this street. The proposed development would be built in the rear garden of the property and would not be visible in the street scene.

Given the above the proposal conforms to Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity.

Residential amenity

UDP policy H2/3 and SPD6 seeks to reduce the impact of proposals on the residential amenity of neighbouring properties.

- The extension would be built on the rear of this building therefore, there would be no

impact on properties to the front.

- At the rear, any habitable room windows in the opposite properties would be at least 20m away.
- SPD states that a single storey extension should not project more than 3m along a neighbouring boundary. At which point the 45° rule would apply. The single storey proposed extension would not project beyond 3m.
- The proposed development would project as blank wall on both the ground floor and the first floor levels along the sides.
- In terms of the general prominence and impact on daylight the proposed two storey extension would be set off from the shared side boundaries and would be to the east of No.28 and west of No 30. Given the positioning and size of the extension, there would be minimum impact on this neighbour's rear garden. Furthermore, there would be no detrimental impact on the neighbouring properties following the application of the 45 degree rule.

The proposal conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of separation distance to the surrounding properties.

Parking

The proposal will result in one additional bedroom, however there will be no changes to site access, or parking. The driveway at its current condition meets the maximum parking requirements.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered A100, A101, A102, A103, A110 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan and Places for Everyone Joint Development Plan listed.
