

Cheltenham Green Civils / CHM Group

Manchester Maccabi Pure Padel -
Traffic Management Survey

The bottom of the slide features two logos. On the left is the logo for Cheltenham Green Civils, consisting of the letters 'CGC' in a stylized green font, with the text 'CheltenhamGreenCivils' below it. On the right is the logo for CAM GROUP, featuring the letters 'CAM' in a large, white, stylized font on a dark blue background, with the word 'GROUP' in a smaller white font below it.

- Site segregation required
- Excavation protection for attenuation tank
- Bury Old Road traffic management for service connection
- Section 50 and road space booking required for above
- Pedestrian management / barrier for access chambers
- Car park management needed should facility remain in use during the works
- Slightly separate traffic management for 3x new spaces to north of the site

TM Survey - Overview

Elements Proposed:

- Heras fencing for full compound segregation and additional excavation protection for safety
- Coned area in car park as safety zone to compound
- Closed area of car park for new parking bays and gully connection
- 50m barrier for verge works for trenching and inspection chamber construction
- 2-way temporary traffic lights with pedestrian walkway for mains connection to sewer
- Advance warning signs on entrance to the facility to warn of the works and duration etc.

All aspects above can be tweaked to suit, and can be installed and provided in any variation. For example, the pedestrian barrier can be in situ on site to be used at your discretion.
