Description of the Proposal

Please provide a description of the approved development as shown on the decision letter

Two-story side extension to the existing office to extend the existing first-floor office and to create one new office suite on the ground floor.

Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

There are currently two office suites at 79 Windsor Road. The current proposed plan is to create a third office suite to be located in the new development on the ground floor at 79a Windsor Rd. The existing first floor office suite at 79 Windsor Road will be extended to span into the new development and will include the first floor of the new development. On completion of the works, there would be three office suites. In the time since these plans were created the current ground floor occupants have developed a need for more space. An option would be for the existing ground floor occupants to occupy the ground floor of the new development in the same way as the first floor occupants planned to occupy the entire first floor. However this would require the entire side gable to be removed and is quite expensive.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

The applicant would like to vary the proposed layout so that the existing ground floor occupants of 79 Windsor Rd will expand into the first floor above and the existing first-floor occupants will take the ground and first floor of the new development.
