Proposal: Single storey extension at rear; external alterations including addition of windows; alterations to existing first floor window at rear; removal of ground floor window to side elevation and partial render to elevations

Location: 18 Trimingham Drive, Bury, BL8 1HB

Description

Located on a corner plot, the property is a detached house on a road of similar properties. The property has an attached garage and parking on site in front of the garage. To the sides are No. 16 to one side and a public highway on the other side. Properties in front and rear of the site are over 20m away.

Planning permission is sought for a Single storey extension at rear and external alterations including the removal and addition of windows along with partial render to elevations. The proposal would accommodate an open plan living area concept. The extension would project 3 metres from the existing rear elevation and run for approximately 9.8 metres. The proposed development would be constructed using matching materials and would have a pitched roof with rooflights.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations, including relevant policies in the emerging Places for Everyone Joint Development Plan.

The policies of the UDP that have been used to assess this application are considered to

be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual Amenity

UDP Policy H2/3 and SPD6 seeks to achieve a high standard of design that compliments the original building, does not have a detrimental impact on the character or appearance of neighbouring properties, and protects the general street scene.

The application relates to a detached dwelling located on No.18 Trimmingham Drive. The extension would be built on the rear elevation of the property and as such would not be visible from the street scene at the front. It would be constructed with matching materials and a design that would be considered in-keeping with the existing property as well as surrounding properties. Moreover, the proposed windows in this development would suitably align with the existing windows. Furthermore, proposed render would be acceptable as it would be to the rear of the property and as such would not be visible on the street scene.

Given the above the proposal conforms to Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity.

Residential Amenity

SPD 6 and H2/3 seek to reduce the impact of proposals on the residential amenity of neighbouring properties.

- There would be no proposed windows towards the adjacent properties, except for the proposed opaque window. However, this window would not be significant as it would be 1.9m above the ground level.
- In terms of overlooking and privacy to the rear, there is more than 14m separation distance between the proposed extension and the rear site boundary. This would be acceptable and would be in line with the guidance from SPD6.
- The proposed first floor window on the rear elevation would be a modest window and there would be a distance of over 17m between this window and the shared rear site boundary.
- The single storey extension would not project more than 3m along a neighbouring boundary and therefore, the 45° rule would not apply.
- As there would be no increase to the number of bedrooms at the property the existing parking arrangements would be considered acceptable.

Overall, there would be no serious impact on the amenity of any adjacent neighbouring properties. The proposal therefore conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered Dwg No. ZT23-196-03, Dwg No. ZT23-196-04 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
