

Thank you for consulting Minerals and Waste on the above application.

The site is covered by the Greater Manchester Joint Waste Plan, which forms part of Bury's Development Plan. Policy 5 of the Waste Plan identifies areas that are suitable for built waste management facilities in line with certain waste facility types. This proposed development is located within an area covered by this policy, the Pilsworth Industrial Estate. However, this does not limit the site for just waste uses.

Based on the information in the application, this proposal is considered acceptable in terms of the Waste Plan policies.
