Proposal: Proposed Loft Conversion with Rear Dormer; Raised Ridge Height

Location: 2 White Birk Close, Tottington, Bury, BL8 4HE

Description

The property is a detached bungalow. There are garden areas to three sides with the rear boundary virtually surrounded by bushes and hedges. There is a garage and a drive to the front of site for several vehicles. The property property shares boundaries with No. 4 White Birk Close and No.410 Holcombe Road.

Planning permission is sought for the raise of roof ridge height with loft conversion and rear dormer. The proposed dormer would have a flat roof and the proposed roof would have an increase of approximately 1 metre to its ridge height. Currently, the existing roof is 500mm below that of the adjacent property (No.4).

The development would utilise the use of matching materials and the proposed loft conversion with the rear dormer would facilitate two additional bedroom, one with ensuite.

Development Plan and Policies

SPD6 Supplementary Planning Document 6: Alterations & Extensions
H2/3 Extensions and Alterations

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and PfE Policies will be referred to in the report, unless there is a

particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual Amenity

UDP Policy H2/3 and SPD6 seeks to achieve a high standard of design that compliments the original building, does not have a detrimental impact on the character or appearance of neighbouring properties, and protects the general street scene.

The proposed roof ridge height would be 0.5m higher than that of the adjacent neighbour (No.4). This would be considered acceptable, given this street have different types of properties with various roof heights. The proposed dormer to the rear would be acceptable as it would have setbacks from the eaves and the main ridge. The dormer would also be constructed using matching materials.

It is considered that the proposal would not be intrusive feature within the street scene or to the visual amenity of the area and would therefore not be detrimental to the character of the street scene and as such would comply with UDP Policy H2/3 and SPD 6.

Residential Amenity

SPD 6 and H2/3 seek to reduce the impact of proposals on the residential amenity of neighbouring properties.

In terms of overlooking and privacy, there would be no proposed windows on the sides of the proposed rear dormer and there would be a sufficient distance to the rear boundary. There would also be sufficient distance to the adjacent neighbours on either side. The proposed development would be acceptable and comply with UDP Policy H2/3 and associated guidance in SPD6.

Highways

The proposal will result in two additional bedrooms. However, the driveway at its current condition would meet the maximum parking requirements.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to the drawings received on 28/11/2024 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan and Places for Everyone Joint Development Plan listed.
