Proposal: Single storey rear extension, alterations to first floor rear windows and render to external elevations

Location: 3 Ryecroft, Whitefield, Manchester, M45 7HZ

Description

The application relates to a two-storey detached house on a residential cul-de-sac of similar properties where properties are staggered slightly. Both the unattached neighbours' original elevations are set forwards and Nr.2 has an existing side/rear extension.

Planning permission is sought for a single storey rear extension that would match the full width of existing dwelling house and project out 3m with large patio doors and a mono-pitch roof. It would be finished in a white render to match the house and accommodate a kitchen/diner at ground floor. There would be a separation of 10.5m to the rear boundary.

Relevant Planning History

40357 – two storey side extension, single storey front extension & single storey rear extension - Approved 2003.

Publicity

Immediate neighbours notified by letter dated 11/11/2021 sent to 5 (five) neighbours. No representations were received.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning

considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity - In terms of design and appearance the extension is broadly in-keeping with the existing house. Situated at the rear, the extension would not be readily visible from the public arena. Materials would be as existing but with white render, and it is considered that this appearance is a modern appearance in-keeping with other houses on this estate. In this respect the extension complies with UDP Policy H2/3 and associated guidance in SPD6.

Residential amenity - In terms of overlooking and privacy to the rear, the 10.5m separation distance to the rear boundary from the extension is considered to be acceptable and complies with adopted guidance in SPD6. There is existing tree and shrub planting along the rear boundary and although not extensive this would further reduce the impact on the residents to the rear.

The extension is acceptable in relation to both the neighbours as it complies with the '45-degree rule' within SPD6. Given that the existing house rear elevation is set back by 1.2m and 2.5m in relation to Nr.4 and Nr.2 respectively, it is considered that the proposed extension would be broadly similar to the existing building line of both neighbouring dwellings. Additionally, there are no side windows proposed. At Nr.2 the rear single storey lounge extension has a side window but is not directly facing the extension, and there are two first floor side windows for the landing plus bathroom which are therefore non-habitable windows.

In terms of the general prominence and impact on daylight the single storey extension is set off the shared side boundary and is directly south facing. Therefore, any overshadowing would not be seriously excessive above and beyond the existing situation.

Highways – There are no proposed changes to existing access arrangements or parking provision.

Conclusion – In consideration of the above, it is considered that the proposed development would be acceptable in terms of the design, and sitting, of this development. As such, the proposed development is therefore considered to be acceptable and complies with UDP Policy H2/3 and associated guidance in SPD6.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawing numbered DDS2128 drawing 004, and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
- 3 The external finishing materials for the proposal hereby approved shall match those of the existing building plus white rendering.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
